

Program Guide Spring 2006

From the General Manager of WRUW ...

Dear Listeners,

As most of you may have noticed, over the last year WRUW has been undergoing a huge technological transformation. Last April, we successfully raised \$50,000 in our annual Telethon and as a result of your help, were able to bring our station out of the electronics stone age. We've changed virtually every part of how we send our mighty 15,000 watts to your radio, and the effect is simply amazing. Since we've been the largest college radio station in Cleveland, our signal has never sounded better.

However, we are still charging on. With your support again this April, we hope to continue improving the way we bring you the quality commercial-free radio programming that you deserve, with insightful knowledge about all of the music scenes and public affairs discussions that you simply cannot find on commercial radio.

One way we hope to help you the listener is by providing insightful information about issues facing our community, both locally and nationally. Each Monday, Tuesday, Wednesday, and Friday, you can be sure to tune in to our station at 1 p.m. to hear locally

produced public affairs programs that each covers a different end of the political spectrum. Many of these shows will also give you the listener a chance to call in and voice your opinion.

But what we all need to survive, regardless of who we are or what we do, is music. There's always some new, exciting song that just catches your ear and stays in your head to help you get through the rest of the day. And I can't think of a better place to catch new music than WRUW. Thanks to Wade, our Music Director, we have a plethora of new CDs coming in each week which our DJs then get out to you over the air. So whether your groove lies with Rock, Jazz, Folk, Blues, Reggae, Indie, Ska, Metal, Punk, Electronic, Techno, New Wave, Emo, Rockabilly, Country, or Bluegrass, we're the place to hear new music.

Have Fun,
Tim O'Connor
WRUW-FM General Manager
